## Our Mission

Provide the Cedar Valley with educational opportunities regarding bicycle safety, bicycle repair, and bicycle riding.

Promote environmental sustainability through the three Rs:

- Reducing our dependency on cars for transportation
- Re-using bicycles and parts
- Recycling damaged bicycles and parts to keep them out of our public landfills

Promote healthy living and wellness and strengthen families through bicycling and promote volunteerism in the community.

## Our History

The Cedar Valley Bicycle Collective was established in 2012 by a group of cycling enthusiasts. Through community support and members like yourself, our downtown location was opened in 2013!

## What We Do

Each year your support helps the CVBC to:

- Keep thousands of pounds of frames, components and tires out of our landfills
- Recycle over 100 refurbished bicycles into our community
- Graduate participants through our Earn-A-Bike program
- Sponsor the Annual Bridge-to-Bridge Ride with about 200 riders
- Host the annual metro area Bike Swap Meet
- Provide frames to establish a system of bike art / bicycle racks through downtown Waterloo
- Provide Bike Valet services for cyclists to safely park their bikes at Friday 'Loo, RiverLoop Rhythms and Irish Fest events
- Provide educational opportunities on basic bike repair, bicycle safety and bike rodeos
- Advocate for cyclists and bicycle-friendly community environments

## What We Want To Do

Your membership enables us to continue these efforts. And, will help us to establish bicycle repair stands along Cedar Valley bike paths and trails for area cyclists!
